SUSTAINABILITY OUR COMMITMENT

Responsible Sourcing for a Better Tomorrow

At GMS Apparel Sourcing Ltd., we believe sustainable and responsible business practices create long-term value for our buyers, partners, people and the planet.

Environmental Responsibility

We work with factories that focus on reducing environmental impact through responsible resource use and waste management.

Resource Conservation

We encourage efficient use of water, energy and raw materials across our supply chain to support a more sustainable apparel industry.

People First

We support safe, fair and respectful working conditions in our factory network, ensuring the well-being and growth of workers.

Responsible Materials

We explore and promote sustainable materials and processes based on buyer requirements and global standards.

Ethical Sourcing

We collaborate with compliant and responsible factories that follow local laws and international buyer requirements.

QUALITY ASSURANCE

Quality at Every Stage

At GMS Apparel Sourcing Ltd., we maintain strict quality control at every stage of the production process to ensure that your products meet international standards and buyer requirements.

01

Fabric & Material Check

We verify fabric quality, GSM, color, construction, shrinkage and all required test reports before production.

02

Pre-Production Check

We review size specifications, measurement, workmanship, print/embroidery, trims and overall construction against approved samples.

03

In-Line Inspection

Our QC team conducts regular in-line inspections during production to ensure consistent quality, workmanship and measurement.

04

Final Inspection

We carry out detailed final inspection covering measurement, workmanship, appearance, color shade, labeling, polybagging and carton assortment.

05

Packing & Shipment Check

We verify packing, carton count, size ratio, barcodes, shipping marks and documentation to ensure smooth shipment and buyer compliance.

PRODUCT DEVELOPMENT & SAMPLING

Turning Your Ideas into Market-Ready Products

At GMS Apparel Sourcing Ltd., we work closely with buyers to develop innovative and commercially viable products through a structured sampling process, ensuring the right fit, quality, and functionality for your market.

Concept & Design

We understand your concept, market requirements and develop product ideas with technical sketches and material options.

Material Sourcing

We source the right fabrics, trims and accessories from reliable suppliers based on your required quality, price and performance.

Sample Development

Our team develops proto samples, fit samples and pre-production samples as per your specifications and feedback.

Fit, Measurement & Approval

We verify fit, measurement, construction, workmanship and appearance to ensure the sample meets your exact requirements.

Approved Sample for Production

Once approved, we finalize all details for bulk production to ensure smooth execution and consistent quality.

COMPLIANCE & RESPONSIBLE SOURCING

Ethical Production for a Better Tomorrow

At GMS Apparel Sourcing Ltd., we work with responsible factories that meet international compliance standards, ensuring safe working conditions, ethical practices and environmental responsibility.

Factory Selection & Evaluation

We work with reliable and compliant factories, evaluating their capacity, capability and social compliance status.

Safe & Fair Working Conditions

We support factories that maintain safe workplaces, fair wages, no child labor and respect for workers' rights.

Environmental Responsibility

We encourage responsible use of resources, waste management and efforts to reduce environmental impact in the production process.

International Standards & Certifications

Our factory network can support various buyer requirements including OEKO-TEX®, BCI, GRS and other internationally recognized standards.

Continuous Monitoring

We stay actively involved through regular visits, audits and close communication to ensure ongoing compliance and responsible practices.

FABRICS, TRIMS & MATERIALS

The Right Materials for the Right Product

We source high-quality fabrics, trims and accessories from reliable suppliers to meet your product requirements in terms of quality, performance, functionality and price.

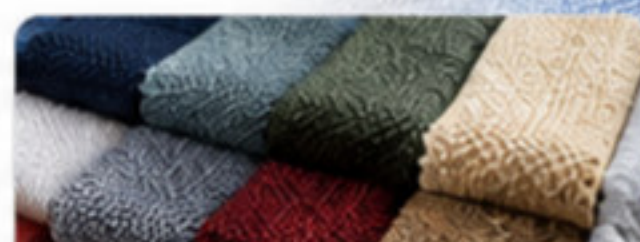

Fabric Sourcing

Wide range of knits, wovens, denim and special fabrics

Trims & Accessories

Buttons, zippers, labels, elastic, tapes and all accessories

Quality & Performance

Sourcing materials as per buyer's requirements

Color & Development

Support for color matching and material development

Functional Fabrics

Support for performance and special functional materials

Supplier Selection

Reliable and competitive sources based on buyer needs
